914. SHRI A. VIJYA RAGHAVAN: Will the Minister of AGRICULTURE be pleased to state:

(a) whether the Central Government has received any representation from the Kerala Government for assistance to prevent Root wilt disease spreading in coconut trees in Kerala;

(b) if so, the details thereof; and

(c) what are the steps taken by Government to assist the coconut farmers?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI SBPBK SATYANARAYANA RAO): (a) to (c) A Project for Development of Coconut Farming System at a total cost of Rs. 562.21 crore was received from Government of

Kerala in September, 1997. The Project envisages eradication of coconut palms affected by advanced stage root-wilt disease in order to check the spread of the disease and improve the productivity of existing palms. Most of the measures suggested *viz.* cutting and removal of root-wilt affected palms; productivity improvement; inter-cropping/mixed farming; irrigation facilities; support for harvesting and value-addition etc. are already being supported under different programmes of the Coconut Development Board (CDB).

During 1997-98, out of a total outlay of Rs. 20.00 crore for various coconut development programmes, the CDB released Rs. 12.44 crore to the State of Kerala. During 1998-99, a sum of Rs. 12.38 crore was released. The allocation for the year 1999-2000 is Rs. 9.27 crores. During the period 1987-88 to 1998-99, 13.88 lakh root-wilt affected palms were removed, for which an amount of Rs. 20.31 crores was spent by the CDB as payment of compensation.
